

Impulse Valves AXDV-P

0009137

Model	Pressure sensor DS2
Construction Type	for spray valve AXSPV-EP/-PP and pulse valve AXDV-P1 / -P50
Version	0 - 50 bar / 1/8" BSP

Description

This piezoresistive 2-wire pressure transmitter DS2 (pressure sensor) for the pressure range 0-50 bar, equipped with 2m connection cable encapsulated and with adapter and O-ring (FKM), can optionally be used in the spray valves AXSPV-EP/-PP and in the pulse valve AXDV-P1 (V2.0) and AXDV-P50 can be used.

Technical Data

Pressure Sensor DS2	
Article Number	0009137
Connection	1/8" BSP
Pressure range (bar)	0 - 50
Power supply voltage (V)	8 - 28
Output signal OUT (mA)	4 - 20
Load resistance (A)	0.025
Current consumption (mA)	max. 25
Protection class	IP 65
